Expires: 20/05/2030

Issue Number: 001

Certificate Number: UKTC 1002

The production of fire-resistant timber doors and doorsets are manufactured in accordance with assessment / test reports referenced within the following table:

Fire Rating	Report Owner	Assessment / Test Report
-------------	--------------	--------------------------

FD30	Wood International Agency	WF546313
-------------	------------------------------	----------

The scope of the certification is limited to the details and parameters contained within the listed reports and all aspects of the specification and limitations defined therein must be satisfied.

It is the certificate holder's responsibility to ensure that the latest version/revision of the listed reports are maintained as part of their audited factory production control system.

Failure to comply with all specifications will invalidate the certification and may jeopardise the fire performance.
